Promotional Gifting Guide

In the competitive world, companies are to stand out from the crowd. With the growing emphasis on sustainability and uniqueness, businesses need to find innovative and eco-friendly ways to promote their brand and the brands they represent. Custom branded wooden promotional items are a perfect solution, combining style, functionality, and environmental consciousness.

Using sustainably sourced locally grown wood, our Mpho Wood Promotional range is cut, manufactured, and branded in-house. Wooden promotional items have a higher perceived value than traditional promotional products, such as plastic pens or paper notepads thus making a lasting impression on recipients.

Mpho means 'GIFT' in Sesotho; a fitting name for a product range that is 100% locally produced. It is safe to say we are continuously pushing boundaries in the local manufacturing space.

WHAT DOES MPHOTO MEAN?

Mpho means gift in Sesotho; a fitting name for a promotional gifting range that is 100% locally produced.

The wood is sourced locally, and the products are manufactured and branded in-house. The entire range is ideal to give as a gift, due to its strength, durability and unique grain character, no two are alike!
